TRAINING INFORMATION

Event name		Name CPT		Name FO		Date	
------------	--	----------	--	---------	--	------	--

1. Observe

- ➔ Keep your head up and observe the crew as much as possible
- ➔ Only record of any crew (in)actions or behaviors that were below standard, or above standard
- ➔ Add event/TEM context when relevant

2. Root Cause Classification

- ➔ Choose the Root-Cause Competency for your observation
- ➔ Note OB(s), several may be possible
- ➔ Review classification in the facilitated debriefing

[illegible]

3. Assessment of Competencies

Based on the notes please use the root-cause classification to **assess each competency individually** on the corresponding **grade sheet for the training event**.
